

Log Book Rubric

The following table should be prepared on an Excel sheet and be the responsibility of the CAP teacher for each class.

At the end of the term, the CAP manager compiles the entire school into one Excel sheet.

All sheets are uploaded periodically to a dedicated school drive, and the link should be ready in case it is requested by the unit for follow-up at any time, provided that it is completed according to the timeline.

Individual Performance Assessment Rubric within the Team

● Blue – (Outstanding)

- Added clear value to the project beyond what was required.
- Fully completed the main task with high quality.
- Contributed to additional tasks or supported teammates when needed.
- Took initiative with ideas or solutions that improved the final outcome.

● Green – (Good)

- Completed the assigned task as agreed.
- Showed positive cooperation with team members.
- Complied with deadlines and assigned responsibilities.
- Participated in discussion and decision-making within the team.

● Yellow – (Acceptable)

- Completed the assigned task individually only.

- Met the minimum requirements without noticeable team interaction.
- Did not contribute to supporting teammates or developing teamwork.

● **Red – (Weak)**

- Did not complete the assigned task, or completed it incompletely.
- Required continuous follow-up or intervention from the team.
- Negatively affected the team's progress or the quality of the project.
